

Ladies and Gentlemen:

I am in strong support of HB 5291 - our State of CT continues to be severely underserved in terms of safe bicycling paths and lanes, as well as greenways and pedestrian/recreational trails. Particularly in dense and vehicle-rich areas, timely safety improvements for cyclists and pedestrians are a must.

sincerely submitted,

Ernst Schirmer, Cos Cob, CT 06807
(State of CT resident since 1996)
